

# plastic tubing PU-13-SW

Part number: 12133

FESTO

For CN and CK connectors, particularly flexible and kink-resistant, polyurethane (not approved for use in the food industry).  
The maximum pressure value is permissible at the maximum temperature.

## Data sheet

| Feature                                       | Value  |
|---|--|
| Outside diameter                              | 17.6 mm  |
| Bending radius relevant for flow rate         | 83 mm  |
| Inside diameter                               | 13 mm  |
| Operating pressure complete temperature range | -0.95 ... 10 bar   |
| Operating medium                              | Compressed air in accordance with ISO8573-1:2010 [7:-:-] |
| Note on operating and pilot medium            | Lubricated operation possible                            |
| Ambient temperature                           | -35 ... 60 °C  |
| Product weight according to length            | 0.133 kg/m   |
| Pneumatic connection                          | for barbed connector internal diameter 13 mm with nut    |
| Colour  | Black  |
| Shore hardness                                | A 86 +/-3  |
| Materials note                                | Free of copper and PTFE<br>Conforms to RoHS              |
| Material tubing                               | TPE-U(PU)  |
